The ability to offer unrivalled value for money whilst still ensuring exceptional quality and longevity is key. The Timber Ships range accommodates all ages, budgets and play scheme sizes.

Our uncompromising approach to safety during the design and manufacturing process is paramount. With this in mind all the Timber Ships range are designed to meet the requirements of BS EN 1176.

Choose from either a standard Ship or create a bespoke design using the interchangeable modular play elements.

In order to ensure the highest level of accuracy, all units are produced on a custom made, state of the art, 6 Axis CNC machine. This technology allows us to offer unparalleled accuracy in the field of play timber production.
